Dear Potential Member 2016

THE LANDSCAPE IRRIGATION ASSOCIATION OF SOUTH AFRICA

We wish to extend an invitation to you to join the Landscape Irrigation Association of South Africa. The Landscape Irrigation Association was formed in 1984. The primary objective of the Association is to improve and uphold professionalism and standards in the Landscape Irrigation Industry. To this end a Code of Ethics and a Code of Standards has been compiled, which members are obliged to adhere to. The Association serves as a Forum for Members to meet, discuss matters of common interest and exchange information. Technical and other presentations of interest to members are presented at meetings, held every two months. Training Courses and Seminars are held to uplift the level of expertise of the members. We enclose a membership application form and hope that you will elect to join the Association.

If your membership is successful, you will be accepted as an Associate for 2016/2017. During this period you may participate in all L.I.A. activities, but may not market yourself as an L.I.A. member until Principal Membership is obtained.

To obtain Principal Membership you will need:

- (a) To be actively engaged in the Landscape Irrigation Industry for at least one year with Standards and Services in compliance with the L.I.A. Constitution.
- (b) To be appraised by a Standards Sub-Committee to confirm that your standards and services comply with the L.I.A Constitution.
- (c) Membership shall comprise of a mandatory dual Company and Individual Structure, **Incorporating a Company with at least one Principal *Certificated Individual.** We are sure that your membership of the L.I.A would be beneficial, both to yourself and the Association.

Yours sincerely,

Jacques Kruger

LIA Chairman
